Game Day Round 14 ICU League Berkeley Vs Bellambi

The Berkeley Football Club would like to welcome the players, supporters and officials of the Bellambi Football Club. I'm sure we will have a wonderful Friday Night of football.

The two clubs are amongst the oldest in the Illawarra and have many similarities. Both are good honest Football clubs who play with a lot of heart. Contests between our two clubs have at times been firey, but always entertaining. Both Clubs have spent their time at the top and their time at the bottom of various competitions. This year has been a lean year for Bellambi and a great year so far for Berkeley. So expect Bellambi to prove a point tonight and be very competitive. Berkeley are now 10 points ahead of its nearest rival, this at times can breed complacency. Against a full strength Bellambi that could spell disaster.

After the game we extend an invitation for all players, supporters and officials from the Bellambi Football Club to join with us and enjoy a chat and a drink at our players presentation in the well appointed Berkeley Sports Club.

The Program for tonight 2 games with Youth grade starting at 6:00pm and First grade at 8:00 pm. There is a Division 1 match between Berkeley and Bullii at Balls Paddock on Saturday the 1st

Good Luck to All teams. **GO BERKELEY !!!!**

The First FA Cup

The Royal Engineers team that reached the first FA Cup final
On 20 July 1871, [C. W. Alcock](#), a gentleman from Sunderland and a former pupil of [Harrow School](#) proposed that "a Challenge Cup should be established in connection with the [Football] Association",^[1] the idea that gave birth to the competition. At the first [FA Cup](#) in 1872, [Wanderers](#) and [Royal Engineers](#) met in the final in front of 2,000 paying spectators. Despite the Royal Engineers being the heavy favourites, one of their players sustained a broken collar bone early on and since substitutions had not yet been introduced, the Engineers played a man down for the rest of the match which they eventually lost 1-0.

The FA Cup was a success and within a few years all of the clubs in England wanted to take part. To do so they had to accept the FA code, which led to the quick spread of a universal set of rules. These rules are the basis of which all association football rules today stem from.

Later competitions saw the 'Gentleman' or Southerners dominate with [Old Etonians](#), [Wanderers](#), [Royal Engineers](#) and [Oxford University](#) who amongst them took 19 titles. [Queens Park](#) withdrew in the semi-finals of the 1873 cup (which due to the format being played that year meant that all the challengers to Wanderers' trophy played a competition for the right to throw down the gauntlet and play the holders, hence the full name FA Challenge Cup) because they had trouble raising travel expenses to pay for the constant trips to England, this directly led to the formation of the [Scottish FA](#). However despite this, [Queens Park](#) continued to participate in the FA Cup, reaching the final twice, before the [Scottish FA](#) banned Scottish clubs from entering in 1887.

In 1872, Alcock purchased the Football Association Cup for £20. That year, fifteen clubs entered the competition. [Queen's Park](#) reached the semi finals without playing due to withdrawals, but then after a goalless draw with [Wanderers](#), were forced to withdraw as before the advent of [penalties](#) and [extra time](#), they could not afford to come back to London for the replay. [Wanderers](#) won the cup outright in 1878 after what remains to this day one of only two hat tricks of wins ever. However they returned the cup to the FA in order for the competition to continue, on the condition that no other club could win the cup outright ever again. Below is a photo of the Royal Engineers team which competed in the first FA Cup Final.
